

# Altamira

## Who we are

**Altamira** is a company specialized in web based software as a service platforms for human Resources Management

## Altamira Recruiting

**Altamira Recruiting** is a web based platform that manages the entire recruiting process.

## Main features

Altamira Recruiting features:

- A full **Career Centre** that is easily customized to your corporate web site's look and feel;
- A **Back Office** that lets recruiters manage the recruiting process (vacancy posting, CV search, interview management);

Altamira Recruiting is delivered as a Software as a Service (SaaS) application

## Other features

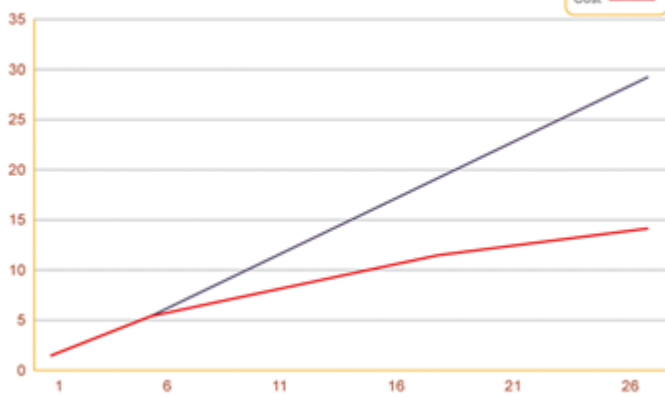

Recruiters can **post vacancies** autonomously to the Career Centre

**Applications from candidates** arriving from multiple sources are stored in the clients private data base.

Recruiters can use the **powerful search engine** that allows them to query the database using all the fields available;

HR managers can manage the recruiting process using custom **workflows**.

Costs based on actual use

## Other features (cont.)

Recruiters can create and edit **interviews** that track the project, the interviewer, the date, outcome and comments

CVs can be **sent via e-mail** to line managers for so they can **screen or interview** them

Recruiters can view their appointments with candidates in an easy to use **calendar**

The **fees** for using Altamira Recruiting are based on **usage**
